The Battery Conservancy

William C. Rudin

Co-Chairman and Chief Executive Officer Rudin Management Company

OUR MISSION

For the past 28 years The Battery Conservancy has raised private and public funds to design and rebuild the 25 historic acres at the southern tip of Manhattan. The park you experience today is guided by our principals of authenticity, environmental stewardship, design excellence, and innovative education.

The Battery Conservancy raises 100% of the funds needed to maintain and operate the park. Generous donations from individuals and institutions keep The Battery beautiful.
